

"SANDWICH"

The Consensus Committee Newsletter

Consensus Committee Briefing February 15th! (Edible Sandwiches!)

There will be a 1-1/2 hour briefing for the Consensus committee on February 15th in our usual location in the basement of Cameron United Methodist Church. This meeting will be to update you on any changes that have occurred in the project area since we last met in October. Please mark your calendars and plan to attend!

"White Blob" Update

The "White Blob" is the interchange area still being coordinated with CDOT. The project team met with CDOT on January 8, 2007 to continue discussions on how to move forward with the interchange at I-25 and Broadway. The meeting laid out the first procedural steps required for approval of a change to the interchange. The project team will begin working with CDOT to reach a mutually acceptable interchange configuration.

Upcoming Meetings

Project Team Interchange Meeting

A project team meeting will be held to review the interchange configurations to date with the City and County of Denver Traffic Engineering Staff. This meeting will be followed by meetings with CDOT staff to work toward resolution of the interchange configuration and will take place January 18, 2007.

Exposition Area Meeting

The meeting mentioned last month to be held with property owners affected by the proposed extension of Exposition Street has been scheduled for January 22, 2007.

VHEIS Update:

The Valley Highway team had hoped to have a Record of Decision (ROD) signed and to submit their 1601 study (CDOT required study necessary to approve changes in access to an Interstate) in January. Due to some comments received regarding the impacts of their preferred alternative to Barnum Park at 6th and Federal, that schedule has been delayed. The Valley Highway team are currently working to resolve the comments and move the project forward again.

Schedule of Meetings

- **Project Team Interchange Meeting**
Thursday January 18
- **Exposition Area Meeting**
Monday January 22
- **Consensus Committee Briefing**
Thursday, February 15, 6 PM
- **Tentative Consensus Committee Meeting**
