What is the West 38th Avenue Phase II Local Maintenance District?

The West 38th Avenue Phase II Local Maintenance District is located along portions of both sides of West 38th Avenue between Federal Boulevard and Mariposa Street. This District was established by City Ordinance in 1993 for the maintenance and continuing care of streetscape features that exist within the District. These streetscape features may include trees, irrigation, decorative pedestrian lights, sidewalk, benches and trash receptacles. A District Board of Directors represents the interests of the District and the property owners. The Board develops an annual budget for the cost of maintaining the District. Property owners within the District are then annually assessed based on the proportion of their front footage to the total front footage of property within the District.

Vicinity Map

The District is located along portions of both sides of West 38th Avenue between Federal Boulevard and Mariposa Street (shaded area).

Frequently Asked Questions

There are currently 26 Local Maintenance Districts in Denver.

The West 38th Avenue Phase II Local Maintenance District is located in Denver City Council Districts 1 & 9.

The City Council Member representing District 1 is Rick Garcia. City Council Member Judy Montero represents District 9. They can be reached at 303.458.4792 (CM Garcia) & 303.458.8960 (CM Montero).

It is ultimately the responsibility of the fronting property owner to remove snow from the sidewalks.

Who are the District Board of Directors and what are their term expirations?

Joel Gehauf, 12/31/09
Julia Park, 12/31/09
Steven Smith, 12/31/09
Patrick Valasquez, 12/31/08
Brendan Kelly (as designee of the Manager of Public Works), no expiration
No vacant positions

What is the 2008 District Budget and how does this compare to the 2007 budget?

The 2008 budget is \$15,000. There was no increase to the budget from 2007.

Is it possible to review the detailed budget for 2008?

Yes. Contact Brendan Kelly at the City's Special District Office, 720.913.4503 (fax, 720.913.4544) or email Brendan.Kelly@denvergov.org.

I'd like to attend a Board of Directors meeting. Can I attend these? When and where do these meetings occur?

Yes, you are encouraged to attend. Please contact Brendan Kelly (see above for contact information) to learn if there is an upcoming Board meeting scheduled. Board meetings are typically held within the District.

I'm interested in serving on the Board. How do I become a Board member?

Applications can be found at:

<http://www.denvergov.org/HomePage/ApplicationForm/tabid/426110/Default.aspx>

How can I learn more about Local Maintenance Districts?

The City's website contains detailed information on Local Maintenance Districts at:

http://www.denvergov.org/District_Management/LocalMaintenanceDistricts/tabid/384930/Default.aspx

Denver's Office of Economic Development

The City and County of Denver's Office of Economic Development operates to create a local environment that stimulates balanced growth through job creation, business assistance, housing options and neighborhood redevelopment through its four divisions. Those divisions are:

1. Division of Business Development
2. Division of Small Business Opportunity
3. Division of Housing and Neighborhood Development
4. Division of Workforce Development

For more information on what resources are available to you through the Office of Economic Development, contact:

Bo Martinez
Denver Office of Economic Development
201 W. Colfax Ave. Dept. 1011
Denver, CO 80202
Phone: 720-913-1717 Fax: 720-913-1802

Denver's Business Assistance Center

Since opening its doors in January 2005, the Denver Business Assistance Center has strengthened Denver's business climate by helping more than 10,000 small businesses. Offered through the Denver Office of Economic Development, the center supports Denver's small businesses in their interactions with local, state, and federal government. The center helps guide businesses through licensing, permitting and regulatory issues, while offering research tools and community resources to help small businesses thrive. Staff assists businesses with start-up information, financial assistance resources, workforce development, training, enterprise zone credits, permitting assistance and more.

The center is located in the Wellington E. Webb Municipal Office Building atrium, 201 W. Colfax Ave. For more information, call 720.913.1715 or visit <http://www.milehigh.com/business/business-assistance-center>.

Denver Circa 1898

Who to Contact

There are two types of contacts that are available to property owners in the District, depending on the issue:

District Related Maintenance Issues

Streetscape features that are located in the sidewalk are generally the responsibility of the District. Examples include making sure that the pedestrian lights are working, that trees are being watered and that trash is being removed. If a property owner sees that there is a deficiency with the maintenance of the streetscape items, they may contact the following District Board member:

Joel Gehauf 303.458.9848 or email to ciservices@gmail.com
Julia Park email to dizsdaisys@aol.com
Patrick Valasquez 303.941.2385 or email to vivapat@comcast.net

All Other City Related Issues (Non-Emergency Only)

The City has created a **3-1-1** service designed to provide one number to call for all of your City and County of Denver **non-emergency** questions, problems and concerns. This service can be contacted by dialing **3-1-1** or can be accessed over the internet at:

https://denver.311colorado.com/psp/311PROD/CUSTOMER/CUST/h/?tab=PAPP_GUEST

Typical issues that can be reported to **3-1-1** include:

- Graffiti
- Potholes
- Broken or damaged curb
- Accidents or vandalism resulting in damaged or destroyed streetscape features
- Noise complaints
- Street lights that are not working. Street lights are those lights that are generally 35 to 40 feet high. The smaller pedestrian lights that are approximately 11 feet high are usually maintained by the District.
- Most other non-District related maintenance issues

***** In a life-threatening emergency, dial 911 *****
