Re: Concurrence on Logical Termini For I-70/Central Park Boulevard Interchange

Gentlemen:

At the meeting between the City and County of Denver, the Colorado Department of Transportation and the Federal Highway Administration senior staff on December 23, 2008, a decision was reached to define the logical termini of the north and south limits of the I-70/Central Park Boulevard interchange project along Central Park Boulevard as shown on the attached figure. The limits of logical termini and the area of environmental evaluation will extend approximately 614 feet north and 675 feet south of the interchange ramp terminals of the "build" alternatives. The City and County of Denver concurs with this determination of logical termini.

Sincerely,

Mitch Kumar, PE
Director of Engineering for Capital Projects

I Concur:
Randy Jensen, CDOT Region 6 Transportation Director
