

Replacement of Holly Street Bridge at Cherry Creek Roadway and Bike Path Detours

Roadway Detours

- There will be no left-turn from eastbound Cherry Creek South Dr to northbound Holly Street
- Eastbound traffic will be detoured throughout both phases of construction
- Northbound and southbound Holly Street traffic will remain open throughout construction
- Southbound Holly Street traffic turning right onto Cherry Creek North Dr will remain open for the duration of construction

Pedestrian and Bike Path Detours

- Eastbound and westbound activity on the Cherry Creek Bike Path will be detoured periodically throughout both phases of construction
- Eastbound and westbound pedestrian and bicycle traffic will be detoured to local streets around the Holly Street bridge during Phase 2 of construction
- Sidewalk will remain open on one side of bridge throughout construction
