

Career Service Authority

Nursing Program Manager

Page 1 of 5

GENERAL STATEMENT OF CLASS DUTIES

Manages the operation of a clinical program, federal grant program or other program that involves responsibility for financial accountability, personnel activities, and nursing skills to provide direct patient care, analysis, and treatment.

DISTINGUISHING CHARACTERISTICS

This classification is located at Denver Health Medical Center and is being maintained for promotional purposes.

Guidelines, Difficulty and Decision Making Level:

Guidelines are generally in the form of stated objectives only with issues and factors largely undefined requiring the employee to exercise creativity and ingenuity in devising criteria, techniques, strategy, and methodologies for approaching assigned functions or projects.

Duties performed involve concepts, theories, and concrete factors to be evaluated and weighed requiring a high degree of analytical ability, independent judgment, and decision-making.

Work assignment is generally unstructured and employee is responsible for organizing complex, varied, and simultaneous coordination of several functions, programs, or projects in various stages of completion.

Level of Supervision Received and Quality Review:

Under administrative supervision, the employee has personal accountability for carrying out an assigned function, program, or project within the scope of established guidelines and objectives and is expected to resolve problems that arise in the normal course of the work. Completed work is generally reviewed for soundness of judgment, conclusion, adequacy, and conformance to policy.

Interpersonal Communications and Purpose:

Contacts are of a non-prescribed nature involving the negotiation and resolution of problems and where exceptional degrees of discretion, judgment, and specialized knowledge are required in carrying out the programs and policies of an organization.

Level of Supervision Exercised:

Supervises assigned employees.

ESSENTIAL DUTIES

Manages the daily operations of a clinical program in a health care setting which involves financial and personnel activities and direct patient care.

Assists in the management of a comprehensive improvement program to ensure that program and services meet accrediting standards for the Joint Commission on the Accreditation of Healthcare Organizations (JCAHO) and other accrediting programs.

Assists in the development of the budget and allocated funds to accomplish objectives of the unit or program.

Directs the performance evaluation program for assigned staff.

Determines priorities, policies, and procedures to efficiently and effectively accomplish program objectives.

Interviews and selects employees.

Authorizes disciplinary actions and enforces program policy about employee discipline within the parameters of DHHA and Career Service rules.

Delegates responsibilities and authority over operational functions to appropriate personnel, as required.

Performs full performance level professional nursing work.

Enhances professional growth and development through participation in educational programs, reviewing current literature, and attending in-service meetings and workshops.
