

# Community Navigators Engagement Summary

- 2 community talk sessions held in April 2022
- 20 participants total
- Included a Spanish-language session with 14 participants
- Additional Community Navigator engagement planned in the future, to include Latinx community focused Spanish-language engagement.

# Initial Draft Framework Concepts Feedback – Community Navigators

## Session 1 Main Takeaways:

- The “Greenways” (#1) & “City Grid” (#2) draft framework concepts were found more appealing
  - Concerns with roadway shown through park
  - Desire for 4 park access points (one on each side of the park)
  - Desire for commercial mixed-use spaces on both west (adjacent to Colorado Blvd.) and on east side of site.
  - Commercial mixed-use spaces should have sufficient parking and access
- 
- **Spanish language Session Main Takeaways:**
    - The “Greenways” (#1) & “City Grid” (#2) framework concepts found more appealing
    - Fencing is not appealing
    - Desire for playgrounds
    - Perception of park as a public amenity due to building placement
    - Need for intentional awareness to safety but not feel excluding
