PROJECT TEAM

Aaron McMichael
Project Manager
City & County of Denver
Department of Transportation & Infrastructure

Craig Wilkins
Project Manager
BT Construction, Inc.
PROJECT STAKEHOLDERS
WHAT

This project will improve public safety by installing a large storm drain to relieve drainage and flooding issues in Five Points, the Curtis Park neighborhood and the RiNo Art District.
WHAT

Additional improvements include:
• ADA ramps
• Sidewalk improvements
• Curb/gutter
• Tree planters
• Large inlets
The Lower Montclair Basin accumulates storm runoff and flows towards the South Platte River.
WHY
WHY

Managing Stormwater

North Denver Brick Sewer Construction, 1920s – Denver Public Library
WHY

EXISTING 15" PIPE

NEW 78" PIPE

NEW 84" PIPE

NEW 90" PIPE
