

DSBO Small Business Utilization Report, Qtr4 2022

The following is a list of the Division of Small Business Opportunity (DSBO) program determinations on potential upcoming city solicitations. DSBO conducts an analysis to determine if a DSBO program should apply and which program would be best suited to that solicitation based on a variety of factors. If it is determined that either the Minority/Woman Business Enterprise (MWBE) or Disadvantaged Business Enterprise (DBE) goals program will apply, DSBO calculates the goal percentage using industry best practices. If the Small Business Enterprise (SBE) Defined Selection Pool program will apply, there is a 30% SBE Prime Self Performance (SP) Requirement. If Tenant Finish will apply, the utilization requirement is determined by DSBO policy. All solicitations are subject to change.

For questions about the anticipated projects below, please contact the issuing agency:
