TAX GUIDE

Topic No. 87

GOVERNMENTAL EXEMPTION

The DRMC provides exemption from the sales, use, lodger's and facilities development admission tax on sales to governments, when purchased in their governmental capacities.

"Government" within the terms of the DRMC, includes departments, institutions and political subdivisions of the United States government and the State of Colorado government

TRANSACTIONS: To be exempt, purchases made by a qualifying government must be billed to the government and paid directly from the funds of the government. A "petty cash" purchase must be authorized by an official purchase order of the government. The purchase order must be maintained by the vendor as a basis for exempting the sale.

The following transactions are not exempt:

- A. Sales of tangible personal property to the public;
- B. Banquets or other activities where the participants buy a ticket or reimburse the government for the meal or lodging;
- C. Purchase of a taxable item, such as a room or meal, paid for with the personal funds of an individual (i.e., check, credit card, or cash), even though the funds may be reimbursed by the government.

Construction contractors who perform a construction contract for a qualifying government are considered to be the ultimate user of the purchased material and thus subject to the Denver sales and use tax upon their acquisition of building materials used to perform the contract.
