

Office of Human Resources  
Fleet Parts Specialist II – CJ3287  
THIS IS A PUBLIC DOCUMENT

### General Statement of Duties

Performs intermediate level stockroom duties on automotive and heavy equipment parts. This includes ensuring adequate stock of materials, parts, supplies and maintaining inventory control systems.

### Distinguishing Characteristics

The Fleet Technician II is distinguished from the Fleet Technician I which performs entry level Stockroom duties which includes verifying fleet parts, stocking shelves, pickup and delivery of parts and maintaining cleanliness of various areas of the distribution center.

### Essential Duties

Research and issue a variety of automotive and heavy equipment parts as requested by fleet personnel (i.e. light duty passenger vehicles, excavators, paving equipment, fire trucks, dump trucks, tractor trailers, street sweepers, garbage trucks, etc.)

Perform immediate inventory on any stock parts issued, as well as received to accurately track, maintain, and record inventory levels, and notify appropriate personnel of inventory discrepancies.

Work with vendors to order parts using multiple methods including vendor websites, email, and over the phone interactions.

Process and return parts to vendors or warehouse for any parts not needed or ordered incorrectly. Work with vendors on replacing or requesting a credit where parts are under warranty.

Use purchase orders for contracted vendors, or a city provided purchasing credit card for uncontracted vendors to purchase parts.

Ensure purchase requests are filled out completely, warranty information is notated, and part costs are accurately recorded.

Works with vendors to order non-routine, non-stock items, fills out purchase order request, processes invoices and P-Card payments, and determines shipment priority.

Communicate with fleet technicians and supervisors to ensure the correct parts are identified and ordered.

In accordance with established guidelines, reconcile P-Card payments accurately and timely, ensure accuracy of billing by vendors and code purchases correctly in inventory management system. and the City's financial system

Enter new part orders into inventory management system, updating and adding new part information as needed.

Complete vehicle and parts status reports to ensure vehicles are in the proper status and that the work order notes are updated appropriately.

Track status of special orders necessary for completion of repairs for essential city vehicles and equipment.

Monitor parts on order using daily run reports for fleet vehicles and equipment Update work orders with estimated times of arrival from vendor or storeroom, and notify appropriate personnel of any changes (delayed shipments, backorders, etc.)

Communicate frequently with team members at multiple locations in the City and County of Denver to transfer parts from other storerooms, or to have parts picked up from vendors that may not deliver.

Unpack, inspect, and verify quality and quantity of part orders received from vendors and storerooms against a packing list or invoice. Once verified accurately, receive orders into inventory management system.

Operate a forklift, and use various tools including pallet jacks, carts, and dollies for movement and storage of stock and special-order items.

Interpret City Master Purchase Order contract clauses, sections, and amendments to ensure correct pricing, shipping, overall vendor accountability

Assist in the training of employees to identify parts, materials, and perform computer functions.

Performs other related duties as assigned.

Any one position may not include all the duties listed. However, the allocation of positions will be determined by the amount of time spent in performing the essential duties listed above.
