Denver Civil Service Commission Annual Report 2023

Dear Friends and Colleagues:

The Denver Civil Service Commission remains steadfast in its charge of sourcing highly capable and qualified candidates for the Police and Fire Departments and seeking to ensure these individuals are representative of the diverse community in which they serve. We work to ensure that the intent and spirit of the City Charter and Commission Rules are met with the highest integrity and professional standards. Given the current state of our nation, we recognize the need to be even more diligent in our efforts.

The Commission owes a debt of gratitude to the Board of Commissioners whose role it is to ensure the adoption and enforcement of the rules related to Charter mandated duties, powers, and responsibilities. They additionally put in countless hours assisting with examining, screening, and certifying applicants for original appointment to the Classified Service within the Denver Police and Fire Departments.

This agency's accomplishments are reflective of the dedication and diligence of our Commissioners, Civil Service staff, and everyone we serve.

We sincerely want to thank each of our Civil Service Commissioners, Executive Director of Public Safety Armando Saldate, Police Chief Ron Thomas, Fire Chief Desmond Fulton, the classified members of the Fire and Police Departments, Denver Firefighter's Local 858, the Police Protective Association, and the various department employee groups for their collaboration and contributions.

Sincerely,

Gracie Perez

Gracie Perez | Executive Director

DEPARTMENT SUMMARY

The City Charter established the Denver Civil Service Commission in 1904. The Commission is one of the oldest merit systems in the nation and is modeled after the Pendleton Act of 1883, which created the U.S. Civil Service Commission now known as the U.S. Office of Personnel Management.

The Commission is governed by a board of Commissioners. City Charter § 9.3.2 states the Commission shall consist of five (5) members; two members are to be appointed by the mayor, two members are to be appointed by City Council and one member shall be nominated by the mayor and appointed by Council ordinance or resolution. Each Commissioner shall be appointed for a term of two (2) years, except when appointed to complete an unexpired term, and may be reappointed. In making appointments to the Commission, the Mayor and City Council shall consider the diversity of the citizens of the City and County of Denver.

The duties, powers and responsibilities of the Commission include establishing, fostering and maintaining a merit personnel system for the Classified Service of the Denver Police and Fire Departments. Through this merit process, a listing of eligible applicants/candidates determined to be the best qualified, is provided to the Manager of Safety for selection and appointment to the Classified Service.

By Charter and Rule, the Commission has a duty to maintain a merit system that provides for equality, diversity and integrity in the examination process. The Commission evaluates components used in the examination process on a regular basis and determines how these components should be graded and weighted in order to identify the best-qualified applicants and candidates for placement on eligible registers. The Commission's ongoing review of test material, selection methods and policies and procedures ensure an effective, efficient and fair process for entry-level and promotional testing. The Commission is committed to testing and selection processes that are fair, content valid, reliable and job related. The Commission adheres to all applicable Federal, State and local laws and adheres to the Uniform Guidelines on Employee Selection Procedures as established by the Equal Employment Opportunity Commission (EEOC).

The Commission is also committed to Equal Employment Opportunity and non-discrimination. The Commission's consideration and examination of all applicants for employment with the Commission and all applicants and candidates for appointment and promotion in the Classified Service, shall be made without regard to race, color, religion or creed, sex, sexual orientation, age, national origin or ancestry, political affiliation, or disability for individual's otherwise qualified to perform the essential functions of the position with or without reasonable accommodation.

CIVIL SERVICE COMMISSIONERS

Kevin Duncan, Commissioner

Commissioner Duncan is a proud Denver native who grew up in the historic Park Hill neighborhood. From a young age, he became enthralled by the bravery and compassion of firefighters sworn to protect us give. This had a huge impact on his life and led him to become a Denver Firefighter. During his career, he specialized in emergency services including hazardous material mitigation, underwater rescue and high angle rope rescue. As a Black firefighter working in his community, he knew many youths looked up to him as a role model in our community. A suggestion arose from fellow firefighters that they should erect a life-sized bronze statue of a firefighter helping a child and place it at the new Station 10. After several months of working with city officials, the City of Denver gave Colorado Black Professional Firefighters (CBPFF) permission to erect the statue. After soliciting private donors, CBPFF raised the required funds. Its permanent home is at Station 10. The bronze statue is a firefighter consoling a child and is titled, “Bravery in Arms.” Commissioner Duncan’s proudest moment was when he was promoted to Captain and assigned to Station 10. “Bravery in Arms” is dedicated to the past and present Black firefighters across the US. In 2017, after 30 years in a fire house, and the last five at Denver International Airport, Commissioner Duncan retired from the Denver Fire Department. He continues to serve and make his community safe.

DISQUALIFICATIONS & DISCIPLINARY APPEALS

The Appeal Process

The Civil Service Commission Appeal Process is outlined in City Charter §9.4.15 and Commission Rule 12 -Disqualification and Disciplinary Appeals, Hearings and Procedures. Except for the disqualification of any probationary member of the Classified Service, a member who is subject to discipline and or disqualification for a failure or inability to meet the qualifications necessary to perform the essential functions of the position, may file an appeal for a hearing before a Hearing Officer. Any final decision and order of a Hearing Officer may be appealed by the member, the executive Director of Safety, or by both, for a limited review by the Civil Service Commissioners. In lieu of an appeal to the Commissioners, a final decision at the Hearing Officer level may be appealed directly to Denver District Court. A final decision at the Commissioner level also may be appealed to District Court.

Hearing Officers

Hearing Officers Hearing Officers are selected as established by City Charter §9.3.7 and Commission Rule 14. The following two individuals were selected in 2015 and continue to serve as Commission Hearing Officers: Daniel C. Ferguson, Esq., and Carrie Clein, Esq.

ENTRY-LEVEL POLICE/FIRE TESTING

The required qualifications for Original Appointment are set in Commission Rule 3, and Commission Rule 5 establishes the Examination and Screening phases. During the respective open application periods, applicants interested in testing for a Police Officer or Firefighter position first complete an online application and schedule a test date for the written portion of the process. Upon an acceptable application being submitted, applicants are then able to schedule their written test that can either be completed online at home or they have the option to request to test at the Commission's testing center. The testing center can accommodate up to 32 applicants per test session.

Police Officer Testing

In 2023, three (3) Police Academies were placed beginning in May, September and December. A grouping of lateral-eligible candidates were combined into existing academies. Police applicants who are currently employed as peace officers (with appropriate State certification), and who have a minimum of two years patrol experience, can be considered for lateral-entry placement. A benefit of the combined entry-level and lateral-entry academies allows lateral applicants to enter an open academy without awaiting a lateral only class. A total of one hundred twenty-four (121) Police recruits were hired in 2023.

Firefighter Testing

The Commission tests for the position of Entry-Level Firefighter on an as-needed basis as is determined by the Department of Safety. Testing was administered in 2022 and 2023 for Entry-Level Firefighter as well as Emergency Medical Technician (EMT). For 2023, two (2) requisitions were created for Entry-Level Fire and one (1) for Emergency Medical Technician. The total number of applications received for the 2023 Entry-Level Fire Academy was two thousand one hundred and eighty-five (2185) and eighty-two (82) for Emergency Medical Technician.

Ultimately, two (2) Entry-Level Fire academies were placed and one (1) Emergency Medical Technician class. The Fire Academy held in January placed thirty (30) and the June academy placed twenty-seven (27). The Emergency Medical Technician class saw a placement of eleven (11) individuals. The Commission still believes that moving from a two-year testing cycle to a one-year testing cycle continues to provide greater opportunities for more individuals to participate in the application, testing and hiring process. The 2023 increase in applicants is confirmation of this.
