DENVER
THE MILE HIGH CITY

NTMP 101

THIS PROGRAM IS EXPECTED TO IDENTIFY TYPES OF PROJECTS THAT:

Improve comfort and accessibility for people walking and biking

Help reduce vehicle speeds

Improve connections to transit

Improve safety and connectivity within and between neighborhoods

The NTMP will produce Action Plans that identify dozens of quick win operational and safety projects; **identify 5 to 15 specific, near term transportation and mobility enhancement projects**; and highlight longer term actions that can be coordinated through future projects.
