

Office of Human Resources
IT Director – LI3493
THIS IS A PUBLIC DOCUMENT

General Statement of Duties

Directs one or more information technology (IT) operations that include developing annual and multi-year work plans and strategies, ensures resources are available to achieve work plans, resolves complex business issues, and establishes management practices and processes that ensure the accomplishment of performance standards.

Distinguishing Characteristics

There are five classifications in the IT management series: IT Manager, IT Manager Senior, IT Director, IT Director Senior and IT Executive. The IT Director is distinguished from the IT Manager, which supervises information technology professionals responsible for developing and maintaining technology infrastructure or services while managing the daily activities of an information technology work group. The IT Manager also provides technical expertise and leadership in the development, implementation, and evaluation of technology solutions.

The IT Director is distinguished from the IT Manager Senior which manages an information technology (IT) operation that includes implementing work plans based on annual goals and the strategic plan; resolves citizen, operational, and management issues; and achieves goals while ensuring resources are utilized appropriately.

The IT Director is distinguished from the IT Director Senior which directs an information technology (IT) operations division that has two or more distinguishably different functional areas that include developing annual and multi-year work plans and strategies, ensures resources are available to achieve work plans, resolves complex business issues, and establishes management practices and processes that ensure the accomplishment of performance standards, annual goals and strategic initiatives.

Finally, the IT Director is distinguished from the IT Executive, which directs multiple information technology (IT) operations within a division or department that include establishing a multi-year vision and strategic plan, optimizing resource allocations, and ensuring the organization accomplishes annual goals and strategic initiatives.

The IT Executive is the highest level of management within IT.
