*As with all design and construction projects schedule indicated above is an estimate only. Many factors can cause delays in the delivery of the project, and schedules are subject to change.

Brief project description

The project's scope of work includes several elements. First, it addresses the upgrades needed for portions of the park's walks, which currently do not meet ADA (Americans with Disabilities Act) compliance standards. Second, the project involves the replacement of the existing basketball court, aiming to enhance the recreational facilities. Lastly, the improvement of the picnic amenities is also part of the project's objectives. Funding for this project is provided through the Elevate Denver Bond program and CIP (Capital Improvement Program) funding.

Existing Basketball Court To Be Replaced

Existing Picnic Site To Be Upgraded
