*As with all design and construction projects schedule indicated above is an estimate only. Many factors can cause delays in the delivery of the project, and schedules are subject to change.

Brief project description

Bear Creek Park is a regional park located in the Fort Logan neighborhood. As part of the first phase of 2023 Bear Creek Park Vision Plan implementation, this project will focus on improving picnic amenities by providing a new picnic area. The new picnic site will be outside of the floodplain and located closer to the northern entry parking lot with ADA walks.

The site will be permittable with amenities such as large shelter, tables, benches, grills and programming for group recreation.

Approximate location of the new picnic site (yellow circle).
