**DENVERGOV.ORG/PARKPROJECTS**

\*As with all design and construction projects schedule indicated above is an estimate only. Many factors can cause delays in the delivery of the project, and schedules are subject to change.

#### **Brief project description**

With funding from the 2018 voter-approved Parks Legacy Fund, the former Groundcovers Greenhouse site was purchased with the purpose of being developed into a new park to provide equitable access to park space. This master planning project will help create a vision and concept for the future park space for the University Hills Neighborhood.
