

Oracle Textura Payment Management Pricing for City & County of Denver

Prime Contractors will pay a fee based their contract price. Oracle Textura Payment Management will invoice the prime contractor at project start. The fee will cover all project, subscription and usage fees for both the Prime Contractors and Subcontractors. Note that fees are subject to change based on any additional change orders issued to the project. The fees listed below do not include any applicable taxes. Below is an outline of the fee structure:

**This rate card is used for projects created on or after July 20th, 2023.*

Contract Low	Contract High	Project Fee
\$0	\$50,000.00	\$214.50
