Project Overview

This project will address recurring drainage problems on West Colfax Avenue – constructing a storm sewer underneath Stuart Street, south to Dry Gulch.

Benefits:

• Alleviate drainage issues along West Colfax Avenue
• Provide new pavement, curbs, inlets and landscaping
• Make crosswalks and sidewalks safer; add new ADA-compliant curb ramps
• Update and improve W. Wells Place along Dry Gulch
Project Map w/ Descriptions:

- Pedestrian crossing improvements
- 48-inch pipe
- Sidewalk improvements
- Water quality enhancements
- Dry Gulch Trail Loop
Work Hours:
Monday - Friday
7 a.m. to 5 p.m.
What to Expect

• Business and residential access maintained to the greatest extent possible.

• Temporary lane closures and traffic rerouting:
  – Stuart Street at sites of construction;
  – Along 13th and 14th avenues;
  – On W. Colfax between Tennyson and Raleigh streets

• Street parking limitations.
What to Expect

• Occasional detours on Dry Gulch Trail & Frisbee Golf Course

• Noise levels within the DDPHE ordinance.

• Removal of a few trees along W. Wells Place.

• Timely communication always provided (newsletter).
