1.0 **POLICY**

The purpose of this Admissions Based Events Policy (**Policy**) is to establish the policy of the Department of Parks and Recreation (**DPR**) and to implement rules and regulations with respect to permitting of admission-based or ticketed events in DPR parks and related facilities. It is the intention of DPR to provide the citizens of Denver a range of opportunities to enjoy admissions-based or ticketed events held in DPR parks and related facilities subject to the qualifications, restrictions, and criteria of this Policy.

2.0 **DEFINITIONS**

2.1 "Park Facility" means those parks and facilities in parks which contain Festival Permit Sites, Event Facility Permit Sites, and Special Occasion Permit Sites, as listed or defined in section 5.0 of this Policy and subject to the applicability limitations stated in subsection 3.2 of this Policy.

2.2 "Admissions Based Event" means any kind of event for which a private entity has to obtain a DPR permit and for which an admission will be charged, a paid ticket for entry will be required, or where other consideration must be provided in order to enter the permitted space within a Park Facility

3.0 AUTHORITY & APPLICABILITY

3.1 Authority. Under section 2.4.4 of the City Charter, the management, operation and control all parks and facilities owned by the City and County of Denver for park and recreational purposes are under the exclusive control of DPR and its Manager. Fees for the use of such parks and facilities and the enforcement of rules and regulations adopted by the DPR Manager for the public's use of such parks and facilities are provided by ordinance. All City ordinances and all rules and regulations adopted by the DPR Manager restricting or prescribing the public's use of such facilities shall be applicable in addition to the qualifications, restrictions, and requirements of this Policy and any terms and conditions contained in the issued Permit.

3.2 Applicability. This Policy shall be applicable to Parks Facilities, as defined in this Policy, at which an Admissions Based Event is held. This Policy does not replace, preempt or supersede any other **DPR** policy or rules and regulations currently in place or which may be adopted in the future except to the extent expressly stated in this Policy and necessary to implement this Policy and its rules and regulations. This Policy does not modify the DPR Alcohol Policy which shall be applicable to Admissions Based Events at which alcohol beverages are sold, served, and/or consumed. This Policy does not apply to:

3.2.1 Recreation facilities covered under the **DPR** Recreation Facility Permitting Policy;

3.2.2 Any facility under **DPR** jurisdiction for which a cooperative agreement or other contractual arrangement or written memorandum of understanding has been entered with a private entity or other governmental entity for the management and operation, in whole or part, of that facility, including but not limited to the Denver Zoo, the Museum of Nature and Science, the Botanic Gardens, Gates Tennis Center, Four Mile Historic Park, Denver Performing Art Sculpture Park, and golf concessions;

3.2.3 Any facility under DPR jurisdiction for which DPR assesses or collects an admission charge, such as the Buffalo Bill Museum and City-operated golf courses;

3.2.4 Any fees or charges that organizers or sponsors who obtain DPR-issued permits for holding race or walk events in DPR parks may require from participants in the race or walk events; and

3.2.5 Any fees or charges that teams or team sponsors with DPR-issued permits for DPR athletic fields may impose upon players or other active participants in sporting events played on DPR athletic fields or upon spectators attending these sporting events.

4.0 BACKGROUND

Increasingly over the years, citizens and event organizations contacted DPR to clarify the implementation of admissions based events in the Denver Park system. To ensure a broad level of participation, **DPR** invited a diverse group of individuals & organizations to join in the discussion in a Task Force including representatives from all City Council offices, members of festival and concert promoter groups, park advocacy groups, neighborhood organizations, and other stakeholders. After two years of research, deliberation and policy development, the Task Force, and subsequently the Parks and Recreation Advisory Board, recommended to the DPR Manager to allow admissions based events in DPR Park Facilities. Taking into consideration scope, logistics, and neighborhood impacts and based on reasonable parameters and permitting guidelines, the Park Facilities listed or defined in Section 5.0 were identified as permissible sites for Admissions Based Events subject to the specified restrictions and permitting procedures.

7.0 PERMITTING PROCEDURES AND REVIEW CRITERIA

7.1 In order to hold an Admissions Based Event in any Park Facility, a Festival, Event Facility, or Special Occasion permit must be obtained expressly allowing for an Admissions Based Event. Permit applications, along with all other required documentation, shall be submitted to the **DPR** Facility Use Permit Office. It is recommended that the submittal be made no less than 30 days prior to the event date.

7.2 Depending on the scale and logistics of the anticipated event and potentially significant impacts on the park and the surrounding neighborhood, the DPR Facility Use Permit Office may require additional information, maps and/or plans to be submitted, including but not limited to: event layout and site operations, crowd control and fencing, traffic control and parking, emergency services and first aid, community outreach, park protection, power and utility service, alcohol service, signage, trash and sanitation, fire protection, and security services. These plans, maps, and other information, once deemed complete by the DPR Facility Use Permit Office, may be distributed to various City and other governmental authorities for review and comment. Based on comments received and its own review, the DPR Facility Use Permit Office may impose reasonable conditions on any Admissions Based Event permit to mitigate or control potential impacts of the proposed event.

7.3 The DPR Manager reserves the right to decline a request for a permit for an Admissions Based Event at a given Park Facility due to, among other considerations: 1) failure of applicant to submit a complete or accurate application or required plans or to timely supplement the application or plans upon request; 2) inability or refusal to comply with other applicable parks permitting requirements, such as insurance; 3) conflicting prior permits or conflicting prior applications for the same site; 4) historically occurring events which are scheduled or anticipated to be scheduled at or about the same time and in the same park or a nearby park; 5) planned or anticipated park work or rest periods in the park; 6) free days at nearby cultural facilities; and 7) exigent circumstances.

7.4 Permits that have been denied for noncompliance with submittal requirements may be resubmitted upon addressing all noncompliance issues as long as they are resubmitted within the 30-day period specified in 7.1.

All applicants for permits for an Admissions Based Event are advised to consult with the Denver Department of Finance well in advance of an Admissions Based Event and may be required by DPR to demonstrate whether the Seat Tax is applicable and, if so, how it will be complied with.

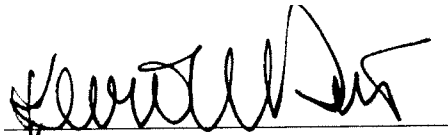

8.3 **Other charges and costs** for equipment, stages, show wagon, and support by DPR staff associated with the Admissions Based Event shall be assessed in accordance with rates and requirements set by the DPR Manager.
