

Office of Human Resources
Airport Operations Representative - CA2486

THIS IS A PUBLIC DOCUMENT

General Statement of Duties

Provides a variety of operational support services for the daily operation of the airport in the airport communications center, aircraft operations area, and terminal facilities.

Distinguishing Characteristics

This class is distinguished from Airport Emergency Dispatcher, who performs public contact work receiving and dispatching emergency calls at Denver International Airport who are requesting emergency services while monitoring response and using criminal databases to assist law enforcement personnel.

This class is distinguished from the Terminal Operations Officer who assists the Terminal Operations Supervisor in the oversight of the operation of the terminal, concourses, and other airport facilities to provide for the safety of the traveling public and efficient operation of the airport. This class is also distinguished from the Airport Operations Officer – Airfield and Ramp Tower who assists the duty Airport Operations Supervisor and Ramp Tower Supervisor in the management of airfield and ramp tower operations and monitors compliance with airport and federal regulations to ensure the safety and security of the airport.

Essential Duties

Controls a centralized communications center which includes monitoring and operating multiple computer systems at an automated communications console, which includes two-way radio and voice communication consoles, fire alarm, runway surface sensor system, CCTV system master controller, and Info Pilot to initiate proper airport-wide response.

Monitors, operates and controls computerized weather reporting systems to access, monitor and interpret weather conditions, and initiates airport-wide response.

Accesses and operates a FAA computer system to transmit Notices to Airmen to report status of airfield conditions.

Acts as the central coordination and communications center during airfield emergencies and snow removal activities to coordinate airport-wide and external emergency responses. Staffs the Emergency Operations Center to support communications and coordination functions.

Monitors and controls a centralized security system to enforce Transportation Security Administration regulations and receives alarms and initiates appropriate airport response. Enforces Airport Security plan by issuing violation notices to airport employees for security violations.

Receives training in aircraft ground control, gate management, and facility management. Inspects concourses, cargo areas, and the customs facility for safety and operational problems.

Maintains accurate and complete log book entries and manual records of airport events.

Supports snow removal activities for the airlines by assisting the ramp tower coordinator during deicing operations.

Trains other employees in day to day procedures.

Performs other related duties as assigned.

Employees may be re-deployed to work in other capacities in their own agencies or in other City agencies to support core functions of the City during a City-wide emergency declared by the Mayor.

Any one position may not include all of the duties listed. However, the allocation of positions will be determined by the amount of time spent in performing the essential duties listed above.

Competencies

Customer Service - Interacts with customers in a friendly and professional manner, works to resolve issues quickly and effectively, and is knowledgeable about products and services.
