

Office of Human Resources
IT Communications Technician I - CI1660
THIS IS A PUBLIC DOCUMENT

General Statement of Duties

Performs full performance technical Information Technology (IT) communications infrastructure support.

Distinguishing Characteristics

This class is distinguished from the IT Technician I and II and IT System Administrator Staff by specific work related to IT communications. This class is distinguished from IT Technician Supervisor that performs supervisory work. This class is also distinguished by the following factors:

Essential Duties

Plans and configures portions of the Information Technology communications infrastructure design and coordinates with the vendor for installation.

Responds to help desk escalations regarding communication infrastructure in person, remotely, or via phone, diagnoses complex problems, and resolves or refers to the appropriate Information Technology resource.

Maintains electronic and communication systems associated with the delivery of voice, data and video over a system infrastructure.

Performs limited communications server administration such as establishing user and voicemail accounts, setting passwords, backups and assigning access levels.

Confers with user agencies to determine and document future communications requirements.

By position, maintains inventory of communications infrastructure.

Oversees and provides instruction regarding Information Technology communications issues to lower classified Information Technology staff.

Performs other related duties as assigned.

Employees may be re-deployed to work in other capacities in their own agencies or in other City agencies to support core functions of the City during a City-wide emergency declared by the Mayor.

Any one position may not include all of the duties listed. However, the allocation of positions will be determined by the amount of time spent in performing the essential duties listed above.

Competencies

Customer Service - Interacts with customers in a friendly and professional manner, works to resolve issues quickly and effectively, and is knowledgeable about products and services.

Oral Communication - Expresses information to individuals or groups effectively; taking into account the audience and nature of the information; makes clear and convincing oral presentations; listens to others, attends to nonverbal cues and responds appropriately.

Technical Competence – Uses knowledge that is acquired through formal training or extensive on-the-job experience to perform one's job; works with, understands, and evaluates technical information related to the job; advises others on technical issues.

Technical Problem Solving - Troubleshoots, diagnoses, analyzes, and identifies system malfunctions to determine the source and cause of the problem.

Writing - Writes in a clear, concise, organized, and convincing manner for the intended audience.

Knowledge & Skills

Knowledge of information technology sufficient to be able to perform maintenance, repair and installation of communications systems.

Level of Supervision Exercised
