

Office of Human Resources
IT Developer Staff - CI1447
THIS IS A PUBLIC DOCUMENT

General Statement of Duties

Performs entry-level professional systems analysis and programming work to maintain and enhance software applications, operating systems, and databases, which includes mapping business processes to configure applications.

Distinguishing Characteristics

The Staff IT Developer performs entry-level professional systems analysis and programming work maintaining and enhancing software applications, operating systems, and databases, which includes mapping business processes to configure operating systems and applications.

The Associate IT Developer performs standard professional level systems analysis and programming work developing, maintaining, and enhancing software applications, operating systems, and databases, and developing solutions for business needs.

The Senior IT Developer performs full-performance professional level systems analysis and programming work to maintain and enhance software applications for multiple operating systems and databases, and maintains servers and integrating network interfaces, which includes developing solutions for business needs.

The IT Developer Specialist performs specialized and complex professional level systems analysis and programming work to maintain and enhance software applications for multiple operating systems and databases, which includes developing solutions for business needs, building and designing relational databases, data modeling, and systems architecture.

Essential Duties

Participates in the consultative process between endusers and other information technology staff to identify systems and applications problems, and designs and modifies software to solve production issues.

Assists with mapping business processes and analyzing user requirements, which includes writing basic specifications and codes, configuring applications, assists with the installation, and documents application program processes.

Assists with the development and modification of new or existing software applications and programs that are basic in complexity and scope using detailed specifications.

Works with stakeholders both internal and external to the organization to create recommendations, ensures compliance with information technology protocols, and ensures utilization of best practices with systems and applications customizations.

Assists with the development, testing, and implementation of new and existing systems to automate enduser processes with databases and records.

With guidance, codes, tests, debugs, documents, and maintains software programs, applications, and databases.

Performs other related duties as assigned.

Employees may be re-deployed to work in other capacities in their own agencies or in other City agencies to support core functions of the City during a City-wide emergency declared by the Mayor.

Any one position may not include all of the duties listed. However, the allocation of positions will be determined by the amount of time spent in performing the essential duties listed above.

Competencies

Attention to Detail – Is thorough when performing work and conscientious about attending to detail.

Customer Service - Interacts with customers in a friendly and professional manner, works to resolve issues quickly and effectively, and is knowledgeable about products and services

Technical Competence – Uses knowledge that is acquired through formal training or extensive on-the-job experience to perform one's job; works with, understands, and evaluates technical information related to the job; advises others on technical issues.

Written Communication – Composes, reviews, edits, and issues written materials for diverse audiences and communicates purpose in a succinct and organized manner that is appropriate for context, time, and place.

Creative Thinking – Uses imagination to develop new insights into situations and applies innovative solutions to problems; designs new methods where established methods and procedures are inapplicable or are unavailable.

Problem Solving – Identifies problems; determines accuracy and relevance of information; uses sound judgment to generate and evaluate alternatives, and to make recommendations.

Technology Application – Uses machines, tools, instruments, or equipment effectively; uses computers and computer applications to analyze and communicate information in the appropriate format.

Knowledge & Skills

Knowledge of information technology and data processing sufficient to be able to review program specifications, design programs, and write or modify code.

Knowledge of the principles, methods, and tools for designing, developing, and testing software in a given environment.

Knowledge of information technology systems analysis, including systems design, sufficient to be able to maintain current systems and implement new systems.

Knowledge of the principles, methods, and tools for analyzing and developing software test and evaluation procedures.

Knowledge of computer languages and their applications to enable a system to perform specific functions.

Level of Supervision Exercised

None

Education Requirement

Bachelor's Degree in Computer Science, Information Systems, Business Administration, Mathematics or a related field.

Experience Requirement

None

Education & Experience Equivalency

One (1) year of the appropriate type and level of experience may be substituted for each required year of post-high school education.

Additional appropriate education may be substituted for the minimum experience requirements.

Licensure & Certification

By position, requires a valid driver's license at the time of application.

By position, must obtain Criminal Justice Information Services (CJIS) clearance within the probationary period.

Licenses and certifications must be kept current as a condition of employment.

Working Environment

Pressure due to multiple calls and inquiries.

Subject to long, irregular hours.

Subject to many interruptions.

Level of Physical Demand

1-Sedentary (0-10 lbs.)

Physical Demands

(Physical Demands are a general guide and specific positions will vary based on working conditions, locations, and agency/department needs.):

Agility: Ability to move quickly and easily.

Balancing: Maintaining equilibrium.

Carrying: Transporting or moving an object.

Color vision: Ability to distinguish and identify different colors.

Crawling: Moving about in a low or crouched position.

Crouching: Positioning body downward and forward.

Depth Perception: Ability to judge distances and space relationships.

Eye/Hand/Foot Coordination: Performing work through using two or more body parts or other devices.

Feeling: Perceiving attributes of objects by means of skin receptors, communication, or otherwise.

Field of Vision: Ability to sharply detect or perceive objects peripherally.

Fine Dexterity: Sufficient coordination to operate a vehicle and manipulate objects.

Fingering: Picking and pinching, through use of fingers or otherwise.

Handling: Seizing, holding, grasping, through use of hands, fingers, or other means.

Hearing/Talking: Perceiving and comprehending the nature and direction of sounds/ability to communicate ideas.

Hearing: Perceiving and comprehending the nature and direction of sounds.

Kneeling: Assuming a lowered position.

Lifting: Moving objects weighing no more than 10 pounds from one level to another.

Neck Flexion: Perceiving objects located above or below.

Oral Comprehension: Ability to discern the meaning of oral speech.

Pulling: Exerting force upon an object so that it is moving to the person.

Pushing: Exerting force upon an object so that it moves away from the person.

Reaching: Extending the hands and arms or other device in any direction.

Repetitive motions: Making frequent or continuous movements.

Sitting: Remaining in a stationary position.

Standing: Remaining in a stationary position.

Stooping: Positioning oneself low to the ground.

Talking: Communicating ideas or exchanging information.
Vision Far Acuity: Ability to perceive or detect objects clearly at 20 feet or more.
Vision Near Acuity: Ability to perceive or detect objects at 20 inches or less.
Vision: Ability to perceive animal behavior, comprehend signs, and detect color.
Walking: Ability to move or traverse from one location to another.
Written Comprehension: Ability to discern the meaning of written words.

Background Check Requirement

Criminal Check
Education Check
By position, Motor Vehicle Record
By position, must obtain Criminal Justice Information Services (CJIS) clearance within the probationary period.

Assessment Requirement

None

Probation Period

Six (6) months.

Class Detail

Pay Grade: EX-09
FLSA Code: Y
Established Date: 9/21/2018
Established By: LS
Revised Date: 11/26/2023
Revised By: JH
Class History: 1/24/2021 – FLSA Project: Reclassified from non-exempt (I-622) to exempt (I-808) per duties and responsibilities in alignment with professional career path; 7/30/2023 – Revised licensure & certification and background checks; 11/26/23 – Revised pay grade as a result of CN1796 and spec to incorporate development of operating systems, software applications, and enterprise architecture.
